STANFORD, KY., TUESDAY, OCTOBER 10, 1905.

NO. 63.

OTTENHEIM.

Grady Tucker, son of W. T. Tucker, is the boss corn raiser in this section. He showed us several ears of corn that measured 14 inches in length and some of the ears had 16 rows.

Wm. Anderson has his grist mill in running order and it is one of the most conveniently located mills in this section.

Mrs. Rube Adams, who has been quite ill, is much improved at this writing. Miss Tevis Collier, who has been quite sick, is able to be out again.

Mitchell Whitt and S. J. Pollard have rented the well-known Louis Whitt grist mill and will give their customers satisfaction. The firm will be known as Whitt and Pollard.

Joe Coleman was told by a fortune teller that there was money hidden on his father's farm and he has mustered up courage and gone to digging on the spot that he was told.

A. J. Manuel has rented a farm in Garrard and will move to it in the near future. Ed White, who has been working at Springfield for some time, is back with the homefolks.

Hiram Kidd, who has been sick for some time, is much improved. Miss Maggie Livingston, who has typhoid fever, is doing as well as could be expected, says her physicians.

Constable McWilliams, Of Casey, Has An Experience With Buena Compton.

On last Wednesday, I as constable of Casey county, received a phone message from Mr. Wood, deputy sheriff of Lincoln county, to arrest Buena Compton, who had come to Casey that day. Mr. Wood said he had committed a felony. I found him and he refused to be arrested and finally tore away from me and a man I had helping me but I got his 32 Winchester and a 38 hammerless S. & W. revolver, his hat and most of his shirt. Not thinking of ever hearing of him again I went about my work and next morning he came and broke in my house, got his pistol, (could not find his gun) stole my wife's pocket book containing a small amount of money, stole a bill book from my coat pocket, which had all my circuit court work for the December term in it, some notes and a large number of accounts placed in my hands for collection. He also stole a shot gun and a small amount of money. If he comes on Casey soil again I am going to have blood hounds on his trail. I did not know he was an outlaw or I would have shot him. I was trying to arrest and not kill or wound him. He tried to shoot me.

JOE MCWILLIAMS.

Family Skeleton.

Many a person's family skeleton is a state of weak digestive organs inherited from careless ancestors. The skeleton can be laid to rest by Dr. Caldwell's (laxative) Syrup Pepsin. Better do so at once, otherwise it will dog you daily, and keep you in constant misery, and in danger from worse complications. Syrup Pepsin is a specific for indigestion, constipation, headache and biliousness. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

Thomas W. Lawson, of Boston, has sent out telegraphic invitations to a number of governors and other prominent men, asking them to act as a committee for policy holders, to bring about reform in the big life insurance companies. Gov. Beckham has not yet answered Mr. Lawson's telegram, but it is understood his reply will be favorable. In the event that Gov. Beckham accepts the invitation he may in turn, invite the committee to hold its initial meeting in Kentucky.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

A company has been formed at Birmingham for the construction through the mineral region in Alabama of the first electric locomotive system ever built in the State. The road will go from Gadsden to Tuscaloosa, by way of Birmingham, with side lines.

The Dawson Coal, Coke and Railroad Company has been incorporated to operate coal mines in Hopkins county and to build a railroad from Dawson Springs to Madisonville.

The transfer of the Tennessee Central to the Illinois Central and Southern is regarded as an assured fact, and an official announcement is expected at an early date.

The Bluegrass Tobacco Company, of Lexington, has bought the plant and brands of H. N. Martin & Co., Louisville.

KIDD'S STORE.

George Tucker feels to have increased appreciably in stature and physique since the addition of another young lady to his flock.

Lt. Col. Wm. Turpin illustrates the magnetism of Old Casey's hills and patriotism of her children by his return from the lime stone quarries of Indiana and repurchasing his old Frye's Creek farm, determined that his dust shall mingle with the pioneers in the old family grave yard.

Bro. Fitzwater is once more agitating denominational currents of Frye's Creek in propagandic work with a metaphorical club, which indiscriminately whacks heresy (?) of every other sect. The gentleman declares there are but sinless saints and sinners, and knowing himself not a sinner, he is necessarily sinless.

John Riffe has rented the Judge Elias Kidd farm for the ensuing year.

As Reggie Vanderbilt is taking in the horse show and side shows at Louisville, an invitation should be extended to him to see the street fair which is slowly drifting this way from Burgin and whose advance agent has expressed satisfaction with the cross roads prospects of this country.

Samuel Mounce, son of Wm. Mounce, well remembered by older citizens as the most universally admired old-time gentleman of his generation, is visiting relatives in this section, after an absence of 19 years in the West. Sam brought an accomplished young wife and two lovely children. He has prospered in Oklahoma, owns a farm worth \$8,000—not for sale and can be communicated with at New Kirk, Dr. Jesse Clay Riffe, of Clifton, Texas, is among numberless kinsfolk and friends after an emigration of 24 years. He left the State in '81, when a youth, with father and mother—both living now, and an uncle, Crit Riffe, M. D. The doctor's greatest wonderment is the exaggerated and grotesque remembrances of the topography of his native hills. Everything is contracted. Distances he thought miles are reduced to rods and elevations he estimated as mountainous and remote are nearby mote-hills, whilst he can toss a stone across the wide valleys. He lives in a level district.

A Tribute To Little Bertha Burleson.

God in his all wise providence saw fit to call from time to eternity Sept. 30, 1905, little Bertha Burleson, aged about eight years. Waynesburg Sunday school, of which she was a bright pupil, at its Sunday services Oct. 1, 1905, passed the following resolutions:

1st. That in the death of dear little Bertha Burleson, Waynesburg Sunday school has lost one of its best pupils and her parents a loving and only child. Again a beautiful bud has been plucked from a flower garden below and transplanted to bloom on the other shore.

2nd. This school extends its sincere sympathy to her parents in this their sad bereavement, and can only commend them to Jesus, who has promised to be with them in the sixth trouble and not desert them in the seventh.

3rd. That a copy of these resolutions be spread on the minute book of the Sunday school, a copy furnished the family of the deceased and a copy sent to the INTERIOR JOURNAL for publication. M. G. Reynolds, S. H. Gooch, J. M. Johnson, C. G. Caldwell, committee.

Made a Hit.

When Dr. W. B. Caldwell, the sage of Monticello, first prescribed his great remedy for indigestion, constipation and biliousness, now known as Dr. Caldwell's (laxative) Syrup Pepsin, its success was so great that it made an instant hit. Since then it has been used all over the world and has never failed to duplicate its first successes. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

An interesting development of the insurance investigation in New York Friday was the production of the payroll of the Mutual Life Insurance Company, which amounted to \$1,002,020 for the year 1904. The salary of President McCurdy, is developed, is \$150,000 a year, or three times that of President Roosevelt.

Wakes Homely Women Pretty.

No woman no matter how regular her features may be can be called pretty if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. Penny's Drug Store.

Since Pueblo, Col., has a woman "Policeman," criminals will find a few live mice a valuable part of their outfit, suggests the Louisville Times.

FOR OLD PEOPLE

Penny's Drug Store has a guaranteed Strength Creator.

Mr. Penny, of Penny's Drug Store, our well-known druggist, says "hundreds of old people right here in Stanford need just such a strength-maker and body-builder as our delicious cod liver oil preparation, Vinol, and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will strengthen and invigorate every organ in the body, stop the natural decline and make them well, strong and active."

This is because Vinol contains in a highly concentrated form all of the strength-creating and body-building elements of cod liver oil actually taken from fresh cods' livers, but without a drop of the system-clogging oil to upset the stomach and retard its work. Vinol creates renewed vitality in the most natural manner, making rich, red blood, and building up and strengthening every organ in the body to do its work as nature intended. Many old people have written that they would not take \$1,000 for the good Vinol has done them.

In the strongest manner we endorse and guarantee Vinol to increase the appetite, give strength and renewed vitality to the aged, build up the run-down, tired and debilitated, make the weak strong, or return to the purchaser every dollar paid for it." Penny's Drug Store.

Doctors said He would not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." JOHN HENRY THOMAS, formerly a pedagogue, now an editor of his own class, and prospectively a disappointed candidate for superintendent of schools of Casey county, in answer to a little prodding this paper gave him, admits his willingness to lie, but claims a lack of experience in that art. Those who know the distinguished journalist and educator, however, agree that he has both the will and experience and that Ananias would have grown green with envy had he lived in John Henry's day. Not "struck" on our personal pulchritude, as is our Casey county brother, we do not show in beauty rings as he does, and consequently the sting of defeat that follows such childish things is unknown to us. Many a proud mother has gone into a fair ring with her pretty child, believing that none could wear the blue tie over her own, but no defeated mother ever left the ring madder than did John Henry, when clever, but the Lord knows, not handsome, Lincoln Wells beat him at Oak Grove. We felt sorry for him and tried to console him, but without avail. His feelings were hurt, his pride had fallen, for three beautiful young women had said he was not as pretty as "Link" Wells, his only opponent for beauty honors. We have proven Brer Thomas a fabricator, or rather willing to fabricate, the girls at Oak Grove said he was not lovely, now answer this question, mine own John Henry, and we may let you alone: When you were with that anti-free-turnpike crowd at Kelsey & Jones' picnic weren't you with them body and soul, and later in the day when you struck a "bunch of free turnpikers" weren't you as heartily with them? In short how do you stand on the pike question? Are you for or against free turnpikes? You are a seeker after office and the people want to know how you stand on this important question.

THE law's delay is illustrated often, but not so forcibly as in this case: Seventeen years ago a passenger on the Wisconsin Central Railroad was thrown under the car and lost both feet. He sued for damages, and at the end of seven years' litigation secured a verdict for \$20,000. But he never received the money. The cripple managed to keep soul and body together by peddling shoe strings. Shortly before the close of the seven years' contest in the lower courts, the railroad went into the hands of a receiver. To get anything out of the receiver further litigation would have been required, and the money to pay the cost of it could not be had. The man died last week, a beggar victim of the law's delays. The road against which he had a just claim escaped the payment of its debts.

A CINCINNATI judge held in a suit for \$1,000 damages against the Street Car Company by a woman who had been put off the car because she had tendered a \$5 bill and the conductor didn't have the change, that the tender of a \$5 bill was an excessive and unreasonable tender under the circumstances and the company had the right to eject. Frequently people tender large bills to conductors simply to get a free ride. This decision will, therefore, be of interest to them.

GEORGE B. CORTELYOU, now postmaster general, will be appointed secretary of the treasury upon the retirement of Secretary Shaw next February. This statement is made by an official so close to the President as to be authoritative, says a Washington dispatch. Now make John Yerkes Postmaster General and all will be well. The amiable commissioner has been suggested for every other office in Teddy's gift.

DID you ever notice how many post-offices are robbed just before the November election? If you have not, take notice. Campaign money has to be raised one way or another and there is about as much justice in stealing money from postoffices as from life insurance companies.

In a collision at Newton, Mass., between an automobile and a street car, Senator George F. Fulford, of Brockville, Ont., was seriously injured.

THE Lewis and Clark Exposition, which closes October 15, seems to have been managed with signal business tact. It is announced officially that a surplus of \$100,000—perhaps \$150,000—will be returned as a dividend to the stockholders.

THE Mt. Vernon Signal, which grows better with every issue, has just rounded out its 19th year, six of which have been under the efficient and careful management of that prince of good fellows, Mr. Edgar S. Albright.

Circuit Judge Bugg at Clinton, to prevent the possible lynching of Jim Hale, a Negro charged with criminal assault, met the train bearing the accused and tried him in the baggage car. This is the outcome of Miss Elizabeth Whitaker's suit for slander against Renaker, in which she was awarded a verdict of \$3,500. Renaker, it is said, will stay in the race.

Representative Bennett introduced Mr. Deering and Representative Edwards introduced Mr. Tinsley, the two candidates for the District Attorneyship for Eastern Kentucky, to the President, says a Washington Special. Mr. Roosevelt looked the two candidates over and said that while he was not yet prepared to make a choice, he thought that the record made by Mr. Tinsley, who is the incumbent, was something in his favor.

THAT the republicans of this county are in bad fighting shape there can be no doubt. Some of them almost came to blows here yesterday over the question of nominating a full county ticket. The Waynesburg magisterial district republicans and the Negroes are almost to a unit in favor of a full ticket but the bosses and others say nay and what they say usually goes. However, it is reported that the committee will take some action this week.

MR. FAULKNER KENNEDY, who was charged with striking a German named James Shupes, on the head at the time Will Kennedy, his brother, shot him, from the effects of which Shupes died Friday evening, gives us the following statement of the trouble: "We were on our own premises when the German attacked us with a shot gun. Wm. Kennedy and I were standing together when Shupes leveled his gun on us. I knocked the weapon up and in the struggle which ensued my brother shot him in the left leg. I did not strike Shupes. Why he attacked us I do not know. He attempted to waylay us the evening before but we went another route home. I am told that Shupes said on his deathbed that he must have been 'off' or he would not have attempted to shoot the Kennedy's. I sent a doctor to see the wounded man but his family gave him little attention and did not carry out the physician's instructions." The Messrs. Kennedy are being guarded by Messrs. A. A. Crutchfield and Mack Lawson. Their examining trial will come up to-day when they will be defended by Bobbitt & Kennedy.

THE District Christian Endeavor Convention which met in the Presbyterian church Friday and Saturday, was a distinct success from beginning to end. Delegates were present from different churches in Garrard, Boyle, Mercer and Lincoln counties and all seemed to enjoy their stay, and expressed themselves as much pleased with the convention. The entertainment committee deserve great commendation for the efficient way in which they dispensed the hospitality of the community. Great credit is due our splendid State President, Rev. F. M. Tinder, of Lancaster, for the vigor and spiritual tone he gave the convention as its presiding officer. Mr. Clyde E. Vander Maaten, the Field Secretary for Kentucky, was present and made several addresses, which showed that he was familiar with the needs and possibilities of the work in our State. The addresses of those who took part in the proceedings were of a high order and those who attended were fully repaid for their splendid attention. Resolutions were adopted thanking the Stanford people for their hospitality and calling for progress along every line of Young People's work in our churches. The following officers for the district were elected for the year to come: President, Rev. Gilbert Glass, Stanford; vice-president, Mr. Geo. L. Carpenter, Hustonville; secretary, Mrs. F. P. Frisbie, Lancaster; recording secretary, Miss Ophelia Lackey, Stanford; treasurer, Mr. Jas. Meisburg, Harrodsburg; president junior department, Miss Dolly McRoberts, Stanford. The next convention will be held at Pleasant Grove church in Garrard county.

Great Closing-Out Sale.

We have rented a business house, now nearing completion, in Corbin, Ky. which we expect to occupy at an early date. Rather than move any stock from this place, we have decided to close our Entire Line of Merchandise at a sacrifice. This stock consists of not only the Cream of Dry Goods, such as Silks, Satins, Fine Woolens, Waistings, Fine Table Damasks, Underwear, Hosiery, Outings, Etc., Etc., but also contains the largest assortment of hand-painted Japanese, China and Bric-a-brac Novelties ever shown in this section. We anticipated a heavy Holiday Trade and bought very largely of this line. These goods have just arrived fresh from Japan, and will go on sale at once. In addition to the above we have a 5c and 10c department that is now loaded with good, useful money savers. This will be our last opportunity to supply the wants of our friends and customers and we deem it necessary to further remind you of the character of merchandise you now have an opportunity to purchase at sacrifice.

Owing to the short stay we have in your midst we are compelled to make this Strictly A Spot Cash Sale to One and All, and we ask those who have already made little tickets to please settle.

W. M. Savage confirms the report that a New York syndicate offered him \$180,000 for Dan Patch, which paced a mile in the record-breaking time of 1:55 1/4 at Lexington. Savage said that he had wired the syndicate that an offer of \$500,000 would not tempt him to part with the champion.

At Lexington Saturday Dan Patch lowered his pacing record from 1:56 to 1:55 1/4. Ten thousand people saw the performance of the great son of Joe Patchen and yelled themselves hoarse. Laconda won the 2:04 pace in three of the fastest heats ever paced in a race, the best time being 2:02.

Life is Embittered.

Life is too often embittered by the grievous pains and suffering caused by dyspepsia, in one or other of its many forms. No other disease covers such a wide range of symptoms, or causes such varied suffering, to its victims. Stomach-ache, headache, dizziness, nausea, biliousness, constipation, fever, etc.—all are due to this one dreadful disease. No wonder that thousands are so enthusiastic over the cure of their disease by Dr. Caldwell's (Invariable) Syrup Pepsin. It is a most marvelous, potent and universal cure. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

At Hastings, Neb., John Broderick, crazed because he had not been allowed to visit his mother during her last illness, made his way into the death chamber, and over the body of his mother shot himself, his sister, his brother and brother-in-law. The latter two will die.

How to Cure Corns and Bunions.

First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

A number of the Episcopal clergy of diocese of New Hampshire have made arrangements for the formation of an association which will have for its ultimate object the union of the Anglican church with the Orthodox church of Russia and other ancient churches of the East.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

The United States Independent Telephone Company has been organized at Rochester, N. Y. It comprises systems extending from New York to Kansas City. Don't Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Penny's Drug Store.
